

LIGHTING LIVE 26

ANNUAL CONFERENCE
BIRMINGHAM • 17TH - 18TH JUNE

INSTITUTION OF
LIGHTING
PROFESSIONALS
ILP

Millennium Point, Birmingham
17th - 18th June 2026

EXHIBITOR AND SPONSOR INFORMATION

Two days of topical, relevant presentations from experts in several fields of lighting, combined with a programme of sponsored workshops, sessions and exhibition.

The event will see a gathering of lighting professionals, including engineers, designers, consultants, and contractors, providing a platform to share expertise, discuss innovations, and explore technical and legal changes in the lighting community.

The Annual Conference provides the perfect platform for our exhibitors and sponsors to build brand awareness, promote new products and services to our delegates as well as networking with industry stakeholders and professionals.

New for this year is a full height atrium area with open stands and less height restrictions, and an innovation zone for new entrants and innovative products.
