

LIGHTING JOURNAL

Professional best practice from the Institution of Lighting Professionals

2024 MEDIA INFORMATION

Lighting Journal is the monthly members' magazine of The Institution of Lighting Professionals (The ILP), the most influential lighting association within the UK and Ireland.

Distributed nationally and internationally, Lighting Journal is highly regarded within the industry for its authoritative thought leadership on all aspects of the lighting profession. Lighting Journal provides technical support, inspiration, case studies and product news in an influential and credible manner across all formats.

Lighting Journal is a quality vehicle for reaching a diverse audience in lighting procurement and an ideal way to network your products and services. The readership of Lighting Journal includes key specifiers and decision-makers in public and urban lighting, lighting engineers, lighting designers, lighting consultants, manufacturers and service providers to the industry.
